Secretary Buttigieg,

I am writing in support of the Larimer County Road 50E Corridor Planning & Design Project planning grant application submitted by Larimer County. This application is a request for planning and design funding from the Department of Transportation's National Infrastructure Investments RAISE Grant Program.

The proposal includes the final planning and design of the Larimer County Road 50E corridor to enhance safety and increase mobility for all users, regardless of whether they are travelling as drivers, pedestrians, or bicyclists and will improve the corridor's connectivity promoting safe, multi-modal options for the residents of Larimer County and the City of Fort Collins.

This project will advance the safety of my constituents and enhance equitable modes of transit for those traveling through my District, and I ask that you give Larimer County's submission full and fair consideration. Please reach out to my office if you have any questions.

Sincerely,

A handwritten signature in blue ink, reading "Joe Neguse".
